

## TOPIC: A short survey & an upcoming follow-up webinar

Hi Everyone,

We hope you're doing well and that your semester/quarter is progressing smoothly. This week, we would like to get some information from you! However, if you have any questions that come up, please feel free to email us.

### Short survey

If you attended the CSU Fresno Preconception Peer Education Training in September, it would be of great help if you could respond to our short survey. This survey is open to students and professionals/school staff—basically anyone who attended the training.

If you could respond by **Friday, February 1**, it would be of great help. The survey is short and should take no more than 10 minutes to complete.

### Upcoming webinar

The Office of Minority Health (OMH) is hosting a FREE webinar on Fetal Alcohol Syndrome, a preventable birth defect. This resource is timely because it's Birth Defects Prevention Month!

#### Here are the details for the webinar:

Thursday, January 31, 2013

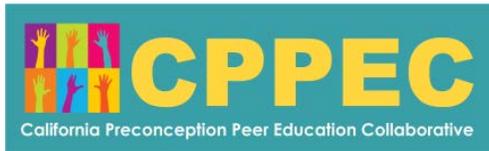

11:00 am-12:00 pm PST

Space is limited. As long as you register for the webinar, you will be able to access the recording for up to seven days after it airs.
